## EDUCATION

---

### **SJB Institute of Technology, Bangalore**

BE - Bachelor of Engineering  
Information Science and Engineering

March 2020 - June 2024  
Overall CGPA 7.15

### **Aishwarya PU College, Maddur**

12th PCMB

June 2018 - March 2020  
Overall Percentage: 69%

### **Shanthiniketan Public School, Ramanagara**

10th Standard

June 2015 - March 2016  
CGPA: 8.0

## CARRIER OBJECTIVE

---

To contribute to innovative software development projects by combining my skills in programming, problem-solving, and teamwork, with a commitment to delivering high-quality solutions and driving organizational success.

## PROJECTS

---

### **Car Rental System**

Developed a Car Rental System using Java, SQL, and Java Swing to efficiently manage vehicle rentals, customer information, and rental operations. Implemented features for booking, tracking rental durations, and managing vehicle availability. Designed an intuitive user interface for seamless navigation and ensured robust data handling to streamline operations and enhance the user experience.

### **Hospital Management System**

Created a Hospital Management System using Java, SQL, and Java Swing for efficient patient, doctor, and staff management. Implemented features for patient admissions, scheduling, billing, and reporting. Ensured seamless data handling, intuitive UI, and streamlined operations to enhance hospital workflow.

### **Track-Fit**

Built Track Fit, a full-stack fitness application using React.js, MongoDB, Express.js, and Node.js. This app enables users to log workouts, track their fitness progress, and set personalized fitness goals. Integrated with a MongoDB database for efficient data management and Express.js backend for smooth API handling. Focused on creating an intuitive and responsive user interface to ensure seamless user experience across devices.

### **Portfolio**

(<https://ujwalportfolio0.netlify.app>)

Engineered using **HTML, CSS, and JavaScript**, this portfolio functions as a dynamic showcase for my technical proficiencies, projects, and professional experience. The design emphasizes responsive, user-centered navigation, providing a clear view of my development expertise, problem-solving abilities, and achievements in the field of technology.

## TECHNICAL STRENGTHS

---

### **Programming Languages**

Java, JavaScript, C++

### **FrontEnd Development**

HTML, CSS, React, javaSwing

### **BackEnd Development**

NodeJs, API

### **Databases**

Appwrite, MySQL

## INTERNSHIP

---

**Aqmenz Automation Pvt Ltd, Bangalore**

August 2023

- During my internship, I contributed to the development Assisted in the development of software by writing efficient and maintainable code in HTML, CSS, Java. Gained hands-on experience in VSCode, Github and contributed to Online Food Ordering System.

## CERTIFICATIONS

---

Java Programming

Instructor: Abdul Bari

Full Stack Web Development

Instructor: Rohit Ravinder

JavaScript Certificate

Instructor: Shradha Khapra

C++ Programming Certificate

Instructor: Abdul Bari

## EXTRA-CIRRICULAR

---

- 1st place in a chess tournament and participated in state-level chess tournaments.
- Represented the club in badminton tournaments.
- Served as House Leader in college, leading my group to victory in various inter-house competitions.

## PERSONAL TRAITS

---

- Enthusiastic and driven to continuously expand knowledge.
- Effective motivator with strong leadership capabilities.
- Skilled at collaborating within teams and independently.
- Proficient in clean and effective coding practices.
- Detail-oriented with a focus on delivering high-quality results.

## HOBBIES

---

Gymnastics: To maintain fitness and health

Music: To keep mind calm and relaxed

Coding: To continuously learn and explore new things
