EDUCATION

SJB Institute of Technology, Bangalore	March 2020 - June 2024
BE - Bachelor of Engineering	Overall CGPA 7.0
Information Science and Engineering	
Aishwarya PU College, Maddur	June 2018 - March 2020
12th PCMB	Overall Percentage: 69%
Shanthiniketan Public School, Ramanagara	June 2015 - March 2016
10th Standard	CGPA: 8.0

CARRIER OBJECTIVE

To contribute to innovative software development projects by combining my skills in programming, problem-solving, and teamwork, with a commitment to delivering high-quality solutions and driving organizational success.

PROJECTS

Car Rental System

Developed a Car Rental System using Java, SQL, and Java Swing to efficiently manage vehicle rentals, customer information, and rental operations. Implemented features for booking, tracking rental durations, and managing vehicle availability. Designed an intuitive user interface for seamless navigation and ensured robust data handling to streamline operations and enhance the user experience.

Hospital Management System

Developed a Hospital Management System using Java, SQL, and Java Swing for efficient patient, doctor, and staff management. Implemented features for patient admissions, scheduling, billing, and reporting. Ensured seamless data handling, intuitive UI, and streamlined operations to enhance hospital workflow.

Body Building Companion

Developed Body Building Companion, a fitness application using React.js and the Exercisedb API from RapidAPI to help users track and optimize their workouts. Implemented features for exercise search, personalized workout plans, and progress tracking. Designed a responsive and intuitive user interface to ensure seamless usability across devices and enhance user engagement.

**Portfolio
(https://ujwalportfoli0.netlify.app)**

Developed using React, this portfolio offers a dynamic platform to showcase my skills, projects, and experiences. Delve deeper into my background, expertise, and accomplishments through a sleek de- sign and smooth navigation. Discover more about me and my journey in the world of technology and innovation.

TECHNICAL STRENGTHS

Programming Languages	Java, JavaScript, C++
FrontEnd Development	HTML, CSS, React, javaSwing
BackEnd Development	NodeJs, API
Databases	Appwrite, MySQL

INTERNSHIP

Aqmenz Automation Pvt ltd, Bangalore   August 2023

· During my internship, I contributed to the development Assisted in the development of software by writing efficient and maintainable code in HTML, CSS, Java. Gained hands-on experience in VSCode, Github and contributed to Online Food Ordering System.

CERTIFICATIONS

Java Programming   Instructor: Abdul Bari

Full Stack Web Development   Instructor: Rohit Ravinder

JavaScript Certificate   Instructor: Shradha Khapra

C++ Programming Certificate   Instructor: Abdul Bari

EXTRA-CIRRUCULAR

- 1st place in a chess tournament and participated in state-level chess tournaments.
- Represented the club in badminton tournaments.
- Served as House Leader in college, leading my group to victory in various inter-house competitions.

PERSONAL TRAITS

- Enthusiastic and driven to continuously expand knowledge.
- Effective motivator with strong leadership capabilities.
- Skilled at collaborating within teams and independently.
- Proficient in clean and effective coding practices.
- Detail-oriented with a focus on delivering high-quality results.

HOBBIES

Gymnastics: To maintain fitness and health

Music: To keep mind calm and relaxed

Coding: To continuously learn and explore new things
